

**Mt. Olive Township Council
Conference Meeting
February 9, 2021**

ITINERARY

PLEDGE OF ALLEGIANCE & MOMENT OF REFLECTION

OPEN PUBLIC MEETINGS ACT ANNOUNCEMENT

ROLLCALL

Resolutions: (9)

- 1. Endorsing the MOMAC Alliance application for funding to the Governor's Council on alcoholism and drug abuse**
Annual resolution authorizing the submission of a strategic plan for the Mount Olive Municipal Alliance grant for 2021.
- 2. Waiving construction subcode fees to Mount Olive Child Care & Learning Center for the skylight and roof replacement project**
The Mount Olive Child Care & Learning center has filed a permit associated with the skylight and roof replacement project. Since this is a Township owned building, it is recommended to waive the construction subcode fees.
- 3. Continuing the temporary fee waiver and extension of the 14-day time limit for certain temporary signs within the Township**
In an effort to support local businesses in recovering from the economic hardships caused by COVID19, it is recommended to extend the temporary fee waiver and extension of the 14-day time limit for certain temporary signs until March 31, 2021.
- 4. Authorizing the transfer of 75 sewer equivalent dwelling units from 750 Clark Drive (Block 102, Lot 14) to 700 International Drive (Block 104, Lot 4) and adjustment of sewer quarterly usage fees**
Fratelli Beretta USA is developing a new property in Mount Olive and has requested to transfer unused EDUs from their current site located at 750 Clark Drive to 700 International Drive. The Township has reviewed the water usage and has determined that the requested transfer of EDU's is acceptable.
- 5. Rejecting the bid received for Bid #16-2020; Second Re-Bid: Main Street and Park Place Sewer Project - Phase 2**
One bid was received for the second re-bid of the Main Street and Park Place Sewer Project – Phase 2. It is recommended to reject the bid from Onque Technologies, Inc. as it is above the engineers estimate. The Township may now negotiate a price with the bidders.

6. **Notice of intent to award contract under a National Cooperative Purchase Agreement for the purchase of two (2) automated garbage trucks (Sanitation Equipment Corp.)**
The Public Works Department has solicited quotes off of the Sourcewell National Purchasing Co-op to purchase two (2) automated garbage trucks from Sanitation Equipment Corp. As per the local public contracts law, the purchase off of a National Co-op, certain requirements have to be met. This contract award is in compliance and will result in a cost savings of \$414,732.
7. **Authorizing the award of contract for the purchase and installation of artificial field turf at Turkey Brook Football Field off the ESCNJ COOP (Field Turf USA, Inc.)**
As per the local public contracts law, the Township desires to purchase and install an artificial football field turf at Turkey Brook Park. FieldTurf USA, Inc. submitted a proposal based off of the ESCNJ Coop pricing and it is recommended to award the contract in the amount of \$404,543.
8. **Adopting the list of eligible LOSAP Emergency Service Volunteers for 2020**
The Council is required to formally adopt the list of eligible LOSAP volunteers for 2020. Based on the requirements, 74 eligible volunteers will receive \$1,675.58 in recognition of their volunteer service.
9. **Authorizing the release of certain bonds and escrow to The Three T's, LLC in connection with development of the property located at 10 Waterloo Road (Block 106, Lot 1.10)**
The Developer has requested the release of certain bonds and escrows as it relates to the property at 10 Waterloo Road. The Township Engineer has reviewed the file, visited the site and has no objection.

Ordinance for First Reading: (1)

- ORD.#2-2021 An ordinance of the Township of Mount Olive amending the Township Code to add new Chapter 334, Soil/Fill Importation, to adopt the NJDEP Model Ordinance**
- The New Jersey Department of Environmental Protection encourages municipalities to adopt an ordinance to proactively regulate imported soil in an effort to keep contaminants from being deposited on residential, construction and development sites. The Administration, Engineer and Planner have reviewed the NJDEP model ordinance regarding soil and fill importation and recommend adopting the ordinance

Ordinance for Second Reading: (1)

- ORD. #1-2021 An ordinance of the Township of Mount Olive, authorizing permanent easement agreements in connection with development at 215 Waterloo Valley Road (Block 500, Lots 2 & 3)**
- A utility "hot box" cabinet, above ground storage unit for utilities, was installed in the Township right of way at 215 Waterloo Valley Road which was not originally included in the plans. An easement needs to be authorized granting them permission to utilize the encroachment area.

NOFA-NJ Winter Conference Presents

Eric Toensmeier

ERIC TOENSMEIER

*NOFA-NJ 31st Annual
Winter Conference
January 31st*

 Adobe Spark

Our Keynote speaker Eric Toensmeier will speak about the power of Carbon Farming. Eric is the award-winning author of *Paradise Lot* and *Perennial Vegetables*, and the co-author of *Edible Forest Gardens*. He is an appointed lecturer at Yale University, a Senior Biosequestration Fellow with Project Drawdown, and an international trainer. He has studied useful perennial plants and their roles in agroforestry systems for over two decades. In *The Carbon Farming Solution*, Eric Toensmeier admirably harnesses available data with traditional wisdom to propose a practical response to climate change. Toensmeier's solution-oriented ideas combine his clear understanding of ecology, agriculture, and the magnitude of the challenge we face with a set of agriculture-based solutions that are suited to various livelihoods, communities, and systems of production. This book will surely be a benchmark in policy-relevant knowledge.

NOFA-NJ Winter Conference Presents

Rowen White

Rowen White is a Seed Keeper and farmer from the Mohawk community of Akwesasne and a passionate activist for indigenous seed and food sovereignty. She is the director and founder of the Sierra Seeds, an innovative organic seed stewardship organization focusing on local seed and education, based in Nevada City CA. Rowen is the current National Project Coordinator and advisor for the Indigenous Seed Keeper Network, which is an initiative of the Native American Food Sovereignty Alliance, a non-profit organization aimed at leveraging resources to support tribal food sovereignty projects. The mission of the Indigenous Seed Keepers Network is to nourish and assist the growing Seed Sovereignty Movement across Turtle Island. Rowen's passion is in teaching and mentoring, and has developed many curricula that focus on holistic, indigenous permaculture based approach to seed stewardship which honors the many layers of seed culture;

from practical hands-on skills, cultural context, and memory with guiding principles that are rooted in an indigenous ecology of relations. She teaches and facilitates creative seed stewardship immersions around the country within tribal and small farming communities, as well as offering an online distance learning seasonal mentorship called Seed Seva. She weaves stories of seeds, food, culture and sacred Earth stewardship on her blog, Seed Songs.

Good Morning,

I wanted to share some important resources that you can share with your residents regarding the COVID-19 vaccine.

The New Jersey Department of Health is hosting virtual town halls to address facts, fears, and myths regarding the COVID-19 vaccines for New Jersey's Black, Caribbean, and Latinx communities.

- **February 11 at 7:00 pm** – [REGISTER NOW for Saving Lives with the COVID-19 Vaccine in NJ Black & Caribbean Communities](#)
- **February 15 at 7:00 pm** – [REGISTER NOW for Saving Lives with the COVID-19 Vaccine in NJ Latinx Communities](#)

Additionally, the Township of Teaneck recently hosted a webinar that was held this week regarding the vaccine concerns for communities of color. You can view the webinar [here](#) or on [Teaneck's Facebook Page](#).

I hope you will share these resources with your residents.

Thank you,

Julie DeSimone, LSW
Program Officer, Mayors Wellness Campaign

**RE: Ordinance #01-21 – AN ORDINANCE AMENDING ARTICLE VIII,
STORMWATER CONTROL ORDINANCE, OF THE LAND
DEVELOPMENT ORDINANCE OF THE TOWNSHIP OF RANDOLPH**

NOTICE IS HEREBY GIVEN that on January 21, 2021, the Township Council of the Township of Randolph introduced Ordinance #01-21, referenced above. A public hearing and adoption of the Ordinance is scheduled for February 18, 2021 at the Municipal Building, 502 Millbrook Avenue, Randolph, New Jersey at 5:00 p.m. A copy of the Ordinance is attached.

Very truly yours,

ORDINANCE NO. 01-21

**AN ORDINANCE AMENDING ARTICLE VIII, STORMWATER CONTROL
ORDINANCE, OF THE LAND DEVELOPMENT ORDINANCE
OF THE TOWNSHIP OF RANDOLPH**

WHEREAS, the Municipal Land Use Law of the State of New Jersey, N.J.S.A. 40:55D-1, *et seq.* ("MLUL"), grants to municipalities the power to adopt a zoning ordinance relating to the nature and extent of the uses of lands, buildings and structures thereon; and

WHEREAS, the Township of Randolph ("Township") adopted Article VIII, Stormwater Control Ordinance, of the Land Development Ordinance of the Township of Randolph to reduce the adverse impacts of stormwater runoff resulting from certain development and construction projects; and

WHEREAS, due to recent changes to the Stormwater Rule (N.J.A.C. 7:8 *et seq.*), it is necessary to revise the Township's Stormwater Control Ordinance to remain in compliance with permit requirements; and

WHEREAS, the Township desires to amend Article VIII, Stormwater Control Ordinance, of the Land Development Ordinance, to incorporate the revisions required as the result of the recent changes to the Stormwater Rule.

NOW, THEREFORE, BE IT ORDAINED by the Governing Body of the Township of Randolph, County of Morris, State of New Jersey as follows:

SECTION ONE. Article VIII, Stormwater Control Ordinance, of the Land Development Ordinance of the Township of Randolph is hereby deleted in its entirety and replaced by the following:

ARTICLE VIII - STORMWATER CONTROL ORDINANCE

15-95. - PURPOSE

15-95.1. - Policy statement.

- A. Flood control, groundwater recharge, and pollutant reduction through nonstructural or low impact techniques shall be explored before relying on structural BMPs. Structural BMPs should be integrated with nonstructural stormwater management measures and proper maintenance plans. Nonstructural measures include both environmentally sensitive site design and source controls that prevent pollutants from being placed on the site. Source control plans should be developed based upon physical site conditions and the origin, nature, and the anticipated loading of potential pollutants. Multiple stormwater management BMPs may be necessary to achieve the established performance standards for water quality, quantity, and groundwater recharge.

15-95.2. - Purpose and goals.

- A. It is the purpose of this ordinance to establish minimum stormwater management requirements and controls for major development.
- B. The goals of the MSWMP are to:
 - 1. Reduce flood damage, including damage to life and property;
 - 2. Minimize, to the extent practical, any increase in stormwater runoff from any new development;
 - 3. Reduce soil erosion from any development or construction project;
 - 4. Assure the adequacy of existing and proposed culverts and bridges, and other in-stream structures;
 - 5. Maintain groundwater recharge;
 - 6. Prevent, to the greatest extent feasible, and increase in nonpoint pollution;
 - 7. Maintain the integrity of stream channels for their biological functions, as well as for drainage;
 - 8. Minimize pollutants in stormwater runoff from new and existing development to restore, enhance, and maintain the chemical, physical and biological integrity of the waters of the state, to protect public

health, to safeguard fish and aquatic life and scenic and ecological values, and to enhance the domestic, municipal, recreational, industrial and other uses of water; and

9. Protect public safety throughout the proper design and operation of stormwater basins.

15-95.3. - Applicability.

- A. This ordinance shall be applicable to any minor or major site plan or subdivision that requires Planning Board or Board of Adjustment approval.
- B. This ordinance shall also be applicable to all major developments undertaken by Randolph Township.
- C. This ordinance shall also be applicable to minor developments as defined herein and any major development that does not require subdivision or site plan review.

15-95.4. - Compatibility with other permit and ordinance requirements.

- A. Development approvals issued pursuant to this ordinance are to be considered an integral part of development approvals under the subdivision and site plan review process and do not relieve the applicant of the responsibility to secure required permits or approvals for activities regulated by any other applicable code, rule, act, or ordinance. In their interpretation and application, the provisions of this ordinance shall be held to be the minimum requirements for the promotion of the public health, safety, and general welfare. This ordinance is not intended to interfere with, abrogate, or annul any other ordinances, rule or regulation, statute, or other provision of law except that, where any provision of this ordinance imposes restrictions different from those imposed by any other ordinance, rule or regulation, or other provision of law, the more restrictive provisions or higher standards shall control.

15-96. - DEFINITIONS

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this ordinance its most reasonable application.

All terms in this section shall be defined in the NJDEP Stormwater Rule (N.J.A.C. 7:8, et seq.). The following additional terms are defined for this chapter only.

EXEMPT DEVELOPMENT – Shall mean any development that creates an increase of less than 1,000 square feet of impervious area and disturbs less than 2,500

square feet of land. Further, an exempt development shall not meet the definition of "minor development."

MINOR DEVELOPMENT – Shall mean any development that results in the creation of an increase of 1,000 square feet or more of impervious area or one that disturbs more than 2,500 square feet of land area. Further, a minor development shall not meet the definition of "major development".

MAJOR DEVELOPMENT – Shall mean any individual "development," as well as multiple developments that individually or collectively result in:

- A. The disturbance of one or more acres of land since February 2, 2004;
- B. The creation of one-quarter acre or more of "regulated impervious surface" since February 2, 2004;
- C. The creation of one-quarter acre or more of "regulated motor vehicle surface" since March 2, 2021; or
- D. A combination of 2 and 3 above that totals an area of one-quarter acre or more. The same surface shall not be counted twice when determining if the combination area equals one quarter acre or more.

Major development includes all developments that are part of a common plan of development or sale (for example, phased residential development) that collectively or individually meet any one or more of conditions 1, 2, 3, or 4 above. Projects undertaken by any government agency that otherwise meet the definition of "major development" but which do not require approval under the Municipal Land Use Law, N.J.S.A. 40:55D-1 et seq., are also considered "major development."

15-97. - GENERAL STANDARDS

15-97.1. - Design and performance standards for stormwater Best Management Practices (BMPs).

- A. Stormwater management measures for major development shall be developed to meet the erosion control, groundwater recharge, stormwater runoff quantity, and stormwater runoff quality standards in this section. To the maximum extent feasible, these standards shall be met by incorporating green infrastructure and nonstructural stormwater management strategies into the design. If these strategies alone are not sufficient to meet these standards, structural stormwater management measures necessary to meet these standards shall be incorporated into the design.

- B. The standards in this ordinance apply are intended to minimize the impact of stormwater runoff on water quality and water quantity in receiving water bodies and maintain groundwater recharge.
- C. Exempt Developments. Any project meeting the definition of "exempt development" shall be exempt from the provisions of this section.
- D. Minor Developments. Minor developments shall be designed to include the following stormwater management measures:
 - 1. Water Quality. Soil erosion and sediment control measures shall be installed in accordance with the Standards for Soil Erosion and Sediment Control in New Jersey.
 - 2. Rate/Volume Control. Seepage pits or other infiltration measures shall be provided with a capacity of three (3") inches of runoff for each square foot of new impervious area. Stone used in the infiltration devices shall be two and one-half (2 1/2") inches clean stone and design void ratio of 33% shall be used. The infiltration measures shall be designed with an overflow to the surface which shall be stabilized and directed to an existing stormwater conveyance system or in a manner to keep the overflow on the developed property to the greatest extent feasible. If the new impervious surface is not roof area, an equivalent area of existing roof may be directed to the infiltration system. This shall be permitted where the existing roof is not already directed to infiltration devices.
- E. Major Developments. All major developments shall have their stormwater management designed in accordance with the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21) and the NJDEP Stormwater Rule (N.J.A.C. 7:8). These standards shall apply to all projects, residential and nonresidential as well as projects by the Township, Board of Education and other agencies subject to review by the Township.

15-97.2. - Drainage area landscaping.

- A. Stormwater management BMPs include detention basins, retention basins, drainage ditches, infiltration and water quality BMPs and swales. Sensitively-designed basins and swales are encouraged to benefit the health, welfare and safety of residents. BMPs shall be integrated in site design as aesthetic landscape features, naturalized wetland areas, or active and passive recreation areas, in addition to their stormwater management function to the extent feasible.
 - 1. Surface stormwater detention basins and retention basins shall be designed in an organic configuration to blend into the surrounding

landscape and imitate a natural depression with an irregular edge to the greatest extent possible.

2. Access for maintenance and emergencies shall be maintained.
3. Shade trees (2—2½ inch caliper) shall be provided within the upper drier portion of detention basins.
4. Drainage structures such as headwalls, outlet structures, culverts, biofilters, etc. shall be screened with wet-site tolerant plants.
5. Outlet structures and headwalls shall be provided with a stone or brick veneer when clearly visible from adjoining properties and streets or clearly visible from units within multi-family developments.
6. The area of retaining walls within stormwater basins are encouraged to increase volume and decrease disturbance to existing vegetation.
7. Woody vegetation landscaping on detention and retention emergency overflow berms are not permitted unless approved by the Township Engineer.
8. Water aerators shall be provided within retention basins, when deemed necessary by the Township.

15-98. – WAIVERS AND EXCEPTIONS

- A. Standards for Relief. Waivers from strict compliance with the major development design standards shall only be granted upon showing that meeting the standards would result in an exceptional hardship on the applicant or that the benefits to the public good of the deviation from the standards would outweigh ANY detriments of the deviation. A hardship will not be considered to exist if reasonable reductions in the scope of the project would eliminate the noncompliance.
- B. Mitigation. If the reviewing agency for the project determines that a waiver is appropriate, the applicant must execute a mitigation plan. The scope of the mitigation plan shall be commensurate with the size of the project and the magnitude of the relief required. The mitigation project may be taken from the list of projects in the Municipal Stormwater Management Plan. All mitigation projects are subject to the approval of the Township Engineer.
- C. Reviewing Agency. All applications subject to the review of the Planning Board or Board of Adjustment shall be reviewed by the Board concurrently with subdivision or site plan review. Applications not subject to Land Use Board review shall be reviewed by the Township Engineer.

D. Appeals. The appeal of the determination of the Township Engineer shall be made in accordance with N.J.S.A. 40:55D-70a.

15-99. - PENALTIES.

Any person who erects, constructs, alters, repairs, converts, maintains, or uses any building, structure or land in violation of this ordinance shall, upon conviction thereof by any court authorized by law to hear and determine the matter, be liable to a fine of not more than one thousand (\$1,000.00) dollars, or to imprisonment for a term of not more than ninety (90) days, or both, as such court in its discretion may impose. Each day during or on which a violation occurs or continues shall be deemed a separate offense.

15-100. - EFFECTIVE DATE.

This ordinance shall take effect on March 2, 2021.

15-101. - SEVERABILITY.

If the provisions of any article, section, subsection, paragraph, subdivision, or clause of this ordinance shall be judged invalid by a court of competent jurisdiction, such order of judgment shall not affect or invalidate the remainder of any article, section, subsection, paragraph, subdivision, or clause of this ordinance.

SECTION TWO. All ordinances or parts of ordinances in conflict or inconsistent with any part of this Ordinance are hereby repealed to the extent that they are in such conflict or inconsistent.

SECTION THREE. This Ordinance may be renumbered for codification purposes.

SECTION FOUR. In the event that any section, part or provision of this Ordinance shall be held to be unenforceable or invalid by any court, such holding shall not affect the validity of this Ordinance as a whole, or any part thereof, other than the part so held unenforceable or invalid.

ATTEST

TOWNSHIP OF RANDOLPH

Donna Marie Luciani, Township Clerk

Mark H. Forstenhausler, Mayor

LEGAL NOTICE

TOWNSHIP OF RANDOLPH COUNTY OF MORRIS

ORDINANCE NO. 01-21

Notice is hereby given that an Ordinance entitled "An Ordinance Amending Article VIII, Stormwater Control Ordinance, of the Land Development Ordinance of the Township of Randolph" was submitted in writing at a regular meeting of the Mayor and Council of the Township of Randolph, County of Morris, State of New Jersey, held on January 21, 2021, and was introduced, read by title and passed on first reading. A Statement of Purpose of the Ordinance is contained below. The Governing Body of the Township of Randolph will further consider the Ordinance for second reading and final passage thereof at their regular meeting to be held on February 18, 2021 at 5 p.m. prevailing time, at the Municipal Building, 502 Millbrook Avenue, Randolph, New Jersey 07869, at which time and place a public hearing will be heard thereon by the Governing Body and all parties in interest and citizens shall have an opportunity to be heard concerning said Ordinance.

Statement of Purpose of Ordinance

The purpose of the above Ordinance is to amend Article VIII, Stormwater Control Ordinance, of the Land Development Ordinance of the Township of Randolph to incorporate the

revisions required as the result of the recent changes to the Stormwater Rule (N.J.A.C. 7:8 *et seq.*).

A copy of the full Ordinance is available to any member of the general public, without cost, at the Township of Randolph, Municipal Building, Millbrook Avenue, Randolph, New Jersey, at the Office of the Township Clerk, between the hours of 9:00 a.m. and 4:30 p.m.

Donna Marie Luciani, Township Clerk
Township of Randolph
County of Morris, State of New Jersey

ORDINANCE NO. RO-02-21

Pursuant to N.J.S.A. 40:55D-15, attached is Ordinance **RO-02-21, AN ORDINANCE TO AMEND CHAPTER 170 "STORMWATER CONTROL" OF THE CODE OF THE TOWNSHIP OF WASHINGTON IN ACCORDANCE WITH REVISED NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION REGULATIONS** was introduced and passed upon first reading at a meeting of the Township Committee of the Township of Washington, in the County of Morris, State of New Jersey, held on **January 18, 2021**. It will be considered for final passage after a public hearing thereon, at a meeting of said Township Committee to be held in the Township of Washington Municipal Building on **February 10, 2021** at 7:00 pm and during the week prior to and up to and including the date of such meeting, copies of said Ordinance will be made available at the Clerk's Office in said Township of Washington Municipal Building to the members of the general public who shall request the same.

cc: Washington Township Planning/Zoning Official

ORDINANCE No. RO-02-21

AN ORDINANCE TO AMEND CHAPTER 170 "STORMWATER CONTROL" OF THE CODE OF THE TOWNSHIP OF WASHINGTON IN ACCORDANCE WITH REVISED NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION REGULATIONS

WHEREAS, the Township Code contains a section regarding stormwater control in accordance with regulations promulgated by the New Jersey Department of Environmental Protection ("NJDEP"); and

WHEREAS, in 2020 the NJDEP issued amendments to update the regulations pertaining to stormwater management, specifically N.J.A.C. 7:8; and

WHEREAS, the Washington Township Engineer has reviewed the Code and recommended changes in accordance with the amendments to the stormwater management regulations; and

WHEREAS, the Township Committee has reviewed the current Code, the amendments issued by NJDEP and the recommendations of the Township Engineer and determined that it is necessary to amend the Code to ensure that the Township's Code is in compliance with the NJDEP regulations; and

NOW THEREFORE BE IT ORDAINED, by the Township Committee of the Township of Washington, Morris County, New Jersey, that Chapter 170 entitled "Stormwater Control" of the Code of the Township of Washington be and is hereby amended as follows

SECTION ONE. Section 170-1 shall remain unchanged.

SECTION TWO. Section 170-2 "Definitions" shall be repealed in its entirety and new Section 170-2 "Definitions" shall read as follows:

§170-2. Definitions.

All terms in this section shall be defined in the NJDEP Stormwater Rule (N.J.A.C. 7:8, et seq.). The following additional terms are defined for this chapter only.

- a. EXEMPT DEVELOPMENT – Shall mean any development that creates an increase of less than 2,000 square feet of impervious area and disturbs less than 5,000 square feet of land. Further, an exempt development shall not meet the definition of "minor development."
- b. MINOR DEVELOPMENT – Shall mean any development that results in the creation of an increase of 2,000 square feet or more of impervious area or one that disturbs more than 5,000 square feet of land area. Further, a minor development shall not meet the definition of "major development".
- c. MAJOR DEVELOPMENT – Shall mean any individual "development," as well as multiple developments that individually or collectively result in:
 1. The disturbance of one or more acres of land since February 2, 2004;
 2. The creation of one-quarter acre or more of "regulated impervious surface" since February 2, 2004;
 3. The creation of one-quarter acre or more of "regulated motor vehicle surface" since March 2, 2021; or
 4. A combination of 2 and 3 above that totals an area of one-quarter acre or more. The same surface shall not be counted twice when determining if the combination area equals one quarter acre or more.

Major development includes all developments that are part of a common plan of development or sale (for example, phased residential development) that collectively or individually meet any one or more of conditions 1, 2, 3, or 4 above. Projects undertaken by any government agency that otherwise meet the definition of "major development" but which do not require approval

under the Municipal Land Use Law, N.J.S.A. 40:55D-1 et seq., are also considered "major development".

SECTION THREE. Section 170-3 "General Standards" shall be repealed in its entirety and new section 170-3 "Design Standards" shall read as follows:

§170-3 Design Standards.

- A. Exempt Developments. Any project meeting the definition of "exempt development" shall be exempt from the provisions of this section.
- B. Minor Developments. Minor developments shall be designed to include the following stormwater management measures:
 - 1. Water Quality. Soil erosion and sediment control measures shall be installed in accordance with the Standards for Soil Erosion and Sediment Control in New Jersey.
 - 2. Rate/Volume Control. Seepage pits or other infiltration measures shall be provided with a capacity of three (3") inches of runoff for each square foot of new impervious area. Stone used in the infiltration devices shall be two and one-half (2 1/2") inches clean stone and design void ratio of 33% shall be used. The infiltration measures shall be designed with an overflow to the surface which shall be stabilized and directed to an existing stormwater conveyance system or in a manner to keep the overflow on the developed property to the greatest extent feasible. If the new impervious surface is not roof area, an equivalent area of existing roof may be directed to the infiltration system. This shall be permitted where the existing roof is not already directed to infiltration devices.
- C. Major Developments. All major developments shall have their stormwater management designed in accordance with the Residential Site Improvement Standards (RSIS, N.J.A.C. 5:21) and the NJDEP Stormwater Rule (N.J.A.C. 7:8) including all requirements for green infrastructure outline therein. These standards shall apply to all projects, residential and nonresidential as well as projects by the Township, Board of Education and other agencies subject to review by the Township.

SECTION FOUR. Section 170-4 "Stormwater management requirements for major development" shall be repealed in its entirety and new Section 170-4 shall read as follows:

§ 170-4 Waivers and Exceptions.

- A. Standards for Relief. Waivers from strict compliance with the major development design standards shall only be granted upon showing that meeting the standards would result in an exceptional hardship on the applicant or that the benefits to the public good of the deviation from the standards would outweigh ANY detriments of the deviation. A hardship will not be considered to exist if reasonable reductions in the scope of the project would eliminate the noncompliance.
- B. Mitigation. If the reviewing agency for the project determines that a waiver is appropriate, the applicant must execute a mitigation plan. The scope of the mitigation plan shall be commensurate with the size of the project and the magnitude of the relief required. The mitigation project may be taken from the list of projects in the Municipal Stormwater Management Plan. All mitigation projects are subject to the approval of the Township Engineer.
- C. Reviewing Agency. All applications subject to the review of the Land Use Board shall be reviewed by the Board concurrently with subdivision or site plan review. Applications not subject to Land Use Board review shall be reviewed by the Township Engineer.
- D. Appeals. The appeal of the determination of the Township Engineer shall be made in accordance with N.J.S.A. 40:55D-70a.

SECTION FIVE. Section 170-5 "Calculation of stormwater runoff and groundwater recharge" shall be repealed in its entirety and new Section 170-5 "Application and Review Fees" shall read as follows:

§ 170-5 Application and Review Fees.

There shall be no additional fees for stormwater review for applications to the Land Use Board. Minor Development applications to the Borough Engineer shall be accompanied by a review fee in the amount of \$700. Major Development applications shall be accompanied by a review fee in the amount of \$1,000. If a project is approved, an inspection escrow deposit shall be made in an amount to be determined by the Borough Engineer.

SECTION SIX. Section 170-6 "Standards for structural stormwater management resources" shall be repealed in its entirety and new Section 170-6 "Maintenance and Repair" shall read as follows:

§ 170-6 Maintenance and repair.

A. Applicability. Projects subject to review as in §170-1.C of this chapter shall comply with the requirements of §170-6B and C.

B. General maintenance.

(1) The design engineer shall prepare a maintenance plan for the stormwater management measures incorporated into the design of a major development.

(2) The maintenance plan shall contain specific preventative maintenance tasks and schedules; cost estimates, including estimated cost of sediment, debris, or trash removal; and the name, address, and telephone number of the person or persons responsible for preventative and corrective maintenance (including replacement). Maintenance guidelines for stormwater management measures are available in the New Jersey Stormwater Best Management Practices Manual. If the maintenance plan identifies a person other than the developer (for example, a public agency or homeowners' association) as having the responsibility for maintenance, the plan shall include documentation of such person's agreement to assume this responsibility, or of the developer's obligation to dedicate a stormwater management facility to such person under an applicable ordinance or regulation.

(3) Responsibility for maintenance shall not be assigned or transferred to the owner or tenant of an individual property in a residential development or project, unless such owner or tenant owns or leases the entire residential development or project.

(4) If the person responsible for maintenance identified under § 170-6B(2) above is not a public agency, the maintenance plan and any future revisions based on § 170-6B(7) below shall be recorded upon the deed of record for each property on which the maintenance described in the maintenance plan must be undertaken.

(5) Preventative and corrective maintenance shall be performed to maintain the function of the stormwater management measure, including repairs or replacement to the structure; removal of sediment, debris, or trash; restoration of eroded areas; snow and ice removal; fence repair or replacement; restoration of vegetation; and repair or replacement of nonvegetated linings.

(6) The person responsible for maintenance identified under § 170-6B(2) above shall maintain a detailed log of all preventative and corrective maintenance for the structural stormwater management measures incorporated into the design of the development, including a record of all inspections and copies of all maintenance-related work orders.

(7) The person responsible for maintenance identified under § 170-6B(2) above shall evaluate the effectiveness of the maintenance plan at least once per year and adjust the plan and the deed as needed.

(8) The person responsible for maintenance identified under § 170-6B(2) above shall retain and make available, upon request by any public entity with administrative, health, environmental, or safety authority over the site, the maintenance plan and the documentation required by § 170-6B(6) and B(7) above.

(9) The requirements of § 170-6B(3) and B(4) do not apply to stormwater management facilities that are dedicated to and accepted by the municipality or another governmental agency.

(10) In the event that the stormwater management facility becomes a danger to public safety or public health, or if it is in need of maintenance or repair, the municipality shall so notify the responsible person in writing. Upon receipt of that notice, the responsible person shall have 14 days to effect maintenance and repair of the facility in a manner that is approved by the Municipal Engineer or his designee. The municipality, in its discretion, may extend the time allowed for effecting maintenance and repair for good cause. If the responsible person fails or refuses to perform such maintenance and repair, the municipality or county may immediately proceed to do so and shall bill the cost thereof to the responsible person.

C. Nothing in this section shall preclude the municipality in which the major development is located from requiring the posting of a performance or maintenance guarantee in accordance with N.J.S.A. 40:55D-53.

SECTION SEVEN. Section 170-7 "Sources for technical guidance" shall be repealed in its entirety and new Section 170-7 "Violations and Penalties" shall read as follows:

§170-7 Violations and penalties.

Any person who erects, constructs, alters, repairs, converts, maintains, or uses any building, structure or land in violation of this chapter shall be subject to one or more of the following penalties: Imprisonment for a term not exceeding 90 days; a fine not exceeding \$2,000; and a period of community service not to exceed 90 days.

SECTION EIGHT. Section 170-8 "Safety standards for stormwater management basins" shall be repealed in its entirety and new Section 170-8 "Effective date" shall read as follows:

§ 170-8 Effective date.

This chapter shall take effect March 2, 2021.

SECTION NINE. Sections 170-9 through 170-11 shall be repealed in their entirety and shall remain blank.

SECTION TEN. **RENUMBERING.** This Ordinance may be renumbered for codification purposes.

SECTION ELEVEN. **SEVERABILITY.** The various parts, sections and clauses of this Ordinance are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of this Ordinance shall not be affected thereby.

SECTION TWELVE. **REPEALER.** Any ordinances or parts thereof in conflict with the provisions of this Ordinance are hereby repealed as to their inconsistencies only.

**TOWNSHIP OF WASHINGTON

**MINUTES OF THE REGULAR MEETING
MORRIS COUNTY PLANNING BOARD**

Meeting held via WebEx Videoconference

30 Schuyler Place
December 3, 2020

Morristown
New Jersey

Vice-Chairman Isobel Olcott called the Regular Meeting to order at 7:02 p.m.

OPEN PUBLIC MEETINGS LAW

Public notice has been given in accordance with the Open Public Meeting Act, published in the Newspaper of Record and the Morris County website.

FLAG SALUTE

ROLL CALL

Those present were:

Steve Rattner, Chair	Joe Barilla, Planning Director
Isobel Olcott, Vice Chair	Anthony Soriano, Supervising Planner
Everton Scott (7:16 p.m.)	Mike DiGiulio, Senior Planner
Nita Galate	Staci L. Santucci, Esq., County Counsel
Kaushik (Casey) Parikh, Alt. #1	Mary Romance, Recording Secretary
Christopher Vitz, County Engineer	Virginia Michelin, Principal Environmental Planner
Dennis Bull, Alt #2	

VIRTUAL MEETING STATEMENT

Ms. Romance read the Virtual Meetings Statement indicating that the meeting is being held remotely via WebEx and indicating the procedures necessary for participation by the public via this meeting platform.

REVIEW OF MINUTES

Mr. Rattner called for a motion to approve the Planning Board Meeting minutes of October 15, 2020. The motion was made by Ms. Olcott, seconded by Mr. Scott and approved by roll call vote:

ROLL CALL

VOTE	Aye	Nay	Abs.
Deborah Smith, Freeholder Dir.	-		
Stephen Shaw, Freeholder Liaison	-

DIRECTOR'S REPORT

The Board accepted the Director's Report for October-November 2020, and it will be placed on file.

REPORT OF FUNDS RECEIVED

Mr. Rattner stated that the November Report includes funds received for October. He noted that although there's a very small amount shown for the month of November, an additional \$9,000 will be posted and will show-up in the December report and that 2020 revenues are exceeding those of 2019.

FUTURE MEETINGS

Mr. Barilla stated that meetings are scheduled throughout December in just about every aspect of the Department, naming wastewater management, stormwater management various the Preservation Trust and the NJ County Planners Association as examples. Mr. Barilla stated that the next scheduled meeting of the Morris County Planning Board will be the Annual Reorganization Meeting on January 21, 2020.

COMMITTEE REPORTS

Environmental and Watershed

County Wastewater Management Plan – Mr. Barilla stated that he continues to work with the County Planners Association to encourage the DEP to move faster to resolve ongoing issues.

Watershed Activities – Mr. Barilla reported that the Whippany River Watershed Action Committee met on December 2 and introduced four new interns. Mr. Barilla has not heard from the Rockaway River Watershed Cabinet; he has sent messages but has had no reply. He will continue to try and make contact.

Stormwater Activities – Mr. Barilla reported that the County Planning Board will again be reviewing all municipal stormwater management plans and municipal stormwater ordinances for compliance with DEP Regulations and that this was last done between 2005 and 2006. Mr. Barilla outlined of the process, stating that County staff will review each stormwater management plan and ordinance. Meetings will take place to discuss any issues identified, but it is anticipated that most municipalities will follow the model plans and ordinances provided by the NJDEP in the creation of their documents. Reviews will result in a finding of approval, conditional approval or disapproval by County staff. To date, Chatham Township and Denville have submitted plans. The deadline for municipalities to submit their stormwater plans/ordinances is the first week in March.

Land Subdivision and Zoning

Developments Reviewed – Mr. Rattner stated that the meeting packet included written reports for the Land Development Review (LDR) Committee meetings of October and November 2020. Ms. Olcott noted that a verbal report of the October Committee meeting was given at the October Planning Board meeting. She then highlighted two projects reviewed at the November 10, 2020 Land Development Review Committee Meeting:

Montville, Juve Group, LLC Proposed Multi-Family, 2020-21-9-SP-0 (County Route 202/Main Rd.)

- Ms. Olcott stated that there are various environmental considerations related to this application. This site plan is for a 70-unit multifamily development on 13 acres. There are five groups of townhomes with four to nine units per cluster and a four story 36-unit apartment building with 50 parking spaces beneath the building. There are 47 proposed surface parking spaces throughout the project and each townhome has a garage space and driveway space. Access for the site is from a single full access private road connection to Main Road. The private road has a stream crossing and wetlands crossing. The stream crossing proposes a four-foot by eight-foot concrete culvert and the wetlands crossing proposes a two-foot by six-foot concrete culvert. The County of Morris will not maintain either of these structures. There is a proposed crosswalk from this site's sidewalk across Main Road to an existing sidewalk within the Main Road right-of-way. Stormwater management includes the use of three subsurface infiltration basins and two subsurface detention basins. Several NJDEP permits will be required to allow for the development of this property including wetlands, stream encroachment, etc. A bridge maintenance easement will also be required. The existing right-of-way for Main Road will need to be clearly shown and a dedication will be required if less than a 33-foot half width (66-foot full width) is provided. County Engineering will review the proposed private road connection to Main Road and for stormwater management.

Wharton, 170 North Main Street, 2020-39-4-SP-0 (County Route 634) - This site plan is for the redevelopment of a former industrial property to a four-story mixed-use structure (11,000 square feet of retail on the first floor and 75 apartment units-15% low/moderate) on a 2.9-acre parcel. There are 167 parking spaces of which 44 will be beneath the building. Proposed access includes two full access driveways and a right in/right out only driveway. The full access driveways are proposed for connection to the new North Main Street Extension (County) and Ross Street (Municipal). The proposed right in/right out is situated between the intersections of North Main Street and the new North Main Street Extension and Ross Street. County Engineering has determined that no driveway access will be allowed directly from or to North Main Street. Stormwater management includes two subsurface detention facilities with water quality structures prior to their connection to the County system for the New Main Street Extension. County Engineering will review stormwater management and the proposed driveway connection to the Main Street Extension.

REPORT OF ACTIONS TAKEN

Mr. Rattner called for a motion to approve the Report of Actions Taken on Development Plans for October/November 2020. The motion was made by Ms. Olcott, seconded by Mr. Scott and approved by roll call vote:

ROLL CALL

VOTE	Aye	Nay	Abs.
Deborah Smith, Freeholder Dir.	-		
Stephen Shaw, Freeholder Liaison	-

Everton Scott	X		
Kaushik (Casey) Parikh, (Alt. 1)	X		
Dennis Bull, (Alt #2)	X		
Christopher Vitz, County Engineer	X		
Roslyn Khurdan, Engineering Alternate	-		

Legislative and Municipal

Recent Legislation- Mr. Soriano stated that five bills were introduced related to agriculture that support beginning farmers through loan programs, tax credits and grant programs. Two agricultural bills passed by both houses, including S1245, which permits the creation of housing for equine related farm employees in facilities with horses. He noted new housing bill A498, which would provide credit for certain dwellings used by seasonal farm workers in the determination of a municipality's fair share obligation. He reported on A4974, which would expand opportunities for restaurants, bars and breweries to provide outdoor dining and reported on the introduction of S3093, which would establish a county-based mitigation plan to allow businesses to operate during the pandemic. This bill would allow the Governor, along with the Department of Health, to assign risk categories to counties and municipalities and base restrictions, if any, on this level of risk/category.

Master Plan & Land Use Ordinance Monthly Reports

MASTER PLAN – Mr. Soriano reported that Chatham and Rockaway Townships submitted new Housing Element and Fair Share Plans, and that Chatham Township also adopted a new Open Space Element. Denville submitted a Municipal Stormwater Management Plan with standards necessary to meet new State stormwater management rules. A Reexamination Report was received from Harding Township addressing changes since their 2013 Reexamination report.

ZONING – Mr. Soriano reported that eight proposed and 13 adopted ordinances were included in the October Zoning Report, of which a half dozen concerned affordable housing. The most significant ordinances addressed redevelopment, and include the former Whippany Paper Co. and the Pine Plaza Shopping Center in Hanover and the Redevelopment Plan of the former Charlie Browns site on Southern Blvd. in Chatham Township. He stated that the November report includes 17 proposed ordinances and four adopted ordinances, of which there were several affordable housing ordinances, including two new multi-family housing sites along Rt. 10 in Denville.

Mr. Rattner expressed concern regarding the proposed ordinance allowing for up to 95% impervious coverage for the Shop Rite Netcong Redevelopment Area, noting that flooding in this area has long been a problem. Mr. Rattner stated that it's problematic and would like to look into this further. Mr. Barilla said he would have staff take a look at the property and conduct an aerial analysis to determine impervious coverage characteristics.

Long Range Planning

Land Use Plan Element – Ms. Galate stated that the Board received a proposed resolution for approval of the new Morris County Land Use Element and asked Mr. Soriano to summarize the process to date. Mr. Soriano reported that the public hearing was held on October 29, 2020 and that no comments were received at the hearing, through email or through the County website. He said that it is now up to the Board to act on the resolution of adoption and that if approved, staff will create hard copies for distribution in accordance with the County Planning Act. Ms. Olcott commended staff for their work on this project.

Mr. Rattner called for a motion to approve Resolution No. 2020-03 to adopt the Morris County Land Use Element. The motion was made by Ms. Olcott, seconded by Ms. Galate and approved by roll call vote.

ROLL CALL

LIAISON REPORTS

Lake Musconetcong Regional Planning Board/ Musconetcong River Management Council

Mr. Rattner had nothing to report.

Lake Hopatcong Commission – Mr. Barilla reported that the next meeting of the Commission is scheduled for December 7, 2020 and that an update will be provided at the January Planning Board meeting.

Morris County Open Space Trust Fund

Ms. Galate reported that of nine applications, two have since withdrawn. Of the remaining seven applications, the Committee recommended six for funding, which were approved by the Board of Chosen Freeholders. The approvals were for a total of \$1,497,825 to preserve 69.06 acres in five municipalities. The Committee will meet on December 16 to review suggested program revisions for 2021. Ms. Galate also noted that there was a closing on a 5.43-acre property in Denville.

Trail Construction Trust Fund Committee

Ms. Olcott reported that the Committee met on October 13, 2020 to review applications received. She stated that there were several applications that the Committee did not recommend due to various issues. The Committee recommended three projects to the Board of Chosen Freeholders, which were approved. These projects were from Roxbury Township, Hanover Township and the Borough of Wharton, totaling \$619,000. Mr. Barilla noted that any unspent funds will be rolled-over into this Project Program for next year and that the Committee was working on rule changes to avoid problems in future applications with estimating construction costs, providing a smoother process for applicants and for fund dispersal.

CORRESPONDENCE AND REPORTS RECEIVED

Mr. Barilla had nothing to report.

REPORT OF MEETINGS

Mr. Barilla stated that this issue was covered earlier in the meeting.

OTHER BUSINESS

2019 Annual Building Permit Report – Mr. Soriano summarized the 2019 Annual Building Permit Report prepared by Mr. Sitlick. He reported that building permits for residential use dropped 53% from the previous year, due largely to a slowdown in permits for new multi-family housing. Florham Park, Morris Township and Rockaway Township accounted for about half of all new housing permits issued.

Permits for office space were off by nearly 62% from 2018, with Parsippany-Troy Hills, Roxbury and Montville Townships as the top three municipalities for new authorized square footage. Retail was down 55% from previous year, but Morris County still had the highest amount of new retail square feet authorized of all New Jersey counties, most of this due to the redevelopment of the Ledgewood Mall in Roxbury. He noted a 30% reduction in the “Other Nonresidential” category, which includes such uses as hotels, distribution centers and warehousing, but said this category still provided the greatest amount of new square feet authorized. He noted that projects in Florham Park, Randolph, and Washington topped the list of locations for permits authorized in this category.

He stated that data available for the first seven months of 2020 show improvements in permits for new housing and office space, with authorizations already exceeding 2019 totals, while authorization of new square footage for Retail and Other Nonresidential use remain below 2019 levels.

MCPB Meeting recordings and tapes destruction

Mr. Rattner called for a motion to approve the MCPB Meeting Recordings and Tapes destruction. The motion was made by Ms. Olcott, seconded by Mr. Vitz and approved by roll call vote:

ROLL CALL

VOTE	Aye	Nay	Abs.
Deborah Smith, Freeholder Dir.	-		
Stephen Shaw, Freeholder Liaison	-		
Thomas Mastrangelo, Freeholder Alternate	-		
Steve Rattner, Chair		X

Christopher Vitz, County Engineer	X		
Roslyn Khurdan, Engineering Alternate	-		

Draft 2021 Meeting Dates - Mr. Rattner asked if there were any comments on the draft meeting dates for 2021. He noted that the dates will be voted on at the January meeting of the Planning Board.

LEGAL UPDATE

Ms. Santucci had nothing to report.

COMMENTS FROM THE PUBLIC

No members of the public were present at the time for public comment.

NEW BUSINESS/OLD BUSINESS – Mr. Barilla thanked Board Member Casey Parikh for serving on the Planning Board, noting his participation in development of the County Land Use Element, which was greatly appreciated. Mr. Parikh stated that, although he will not be returning, he very much enjoyed the opportunity to serve on the Board. Mr. Rattner then thanked the staff for their work organizing the Planning Board Meetings under current conditions.

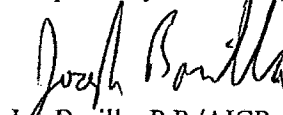

NEXT MEETING

Mr. Rattner stated that the next regular meeting of the Morris County Planning Board will be held via videoconference on January 21, 2021 at 7:00 p.m.

ADJOURNMENT

Mr. Vitz moved to adjourn the meeting at 7:55 p.m. and the adjournment was approved by voice vote.

Respectfully submitted,

Joe Barilla, P.P./AICP
Planning Director

Original was signed and is on file at the office of the Morris County Planning Board.

Re: Notification of Planned Transmission Line Work

Regarding Property at:

Block 6000 Lot 6, Block 6208 Lot 48, Block 6208 Lot 66, Block 6304 Lot 33, Block 6300 Lot 14, Block 6800 Lot 13

Dear Mount Olive Township:

JCP&L, a FirstEnergy company (the "Company"), has identified you as a property owner with a transmission line right-of-way ("ROW") crossing your property. These transmission lines provide power to thousands of electric customers and are vital reliability links with other utilities. Maintaining transmission line ROWs that are free of incompatible vegetation is necessary to provide safe and reliable electric service.

The purpose of this letter is to notify you that vegetation management work is planned for your property. A professional tree company has been contracted to perform the vegetation management work. Your cooperation in accomplishing this important task will be greatly appreciated.

Federal and state regulations require the Company and other operators to properly maintain transmission lines in order to provide for the safe and reliable operation of the transmission system. This requires reliability inspections and routine vegetation maintenance. Vegetation maintenance practices involve identifying incompatible vegetation and trees located within the transmission line ROWs and removing those that interfere or may potentially interfere with the operation of the transmission facilities. Trees adjacent to the ROW that are unhealthy, leaning, or significantly encroaching the corridor also could be targeted for removal.

The Company's comprehensive vegetation management program involves multiple widely used forestry procedures and techniques to safely and effectively maintain the transmission line ROW.

As part of the vegetation management process, tree company work planners use special symbols. For example, hash marks "=" identify the edge of the ROW; trees to be removed are marked with a "X"; and trees to be pruned are identified with a vertical line "I".

Healthy trees along the edge with limbs encroaching the ROW may be pruned back using a method known as "Ground to Sky" pruning. This work is accomplished manually by tree crews or mechanically using a helicopter equipped with an aerial saw. Branches that fall onto access roads, maintained yard areas, agricultural fields or in streams during the manual or aerial pruning operation will be cleaned up, or moved to adjacent wooded areas by ground crews shortly after the pruning is performed.

The stumps/stubble of the cleared vegetation will be treated with an EPA-registered herbicide to minimize re-sprouting and root suckering that typically follows mechanical removal. Nearly 60 years

of university and industry research has shown that herbicide use on ROWs can create optimum plant and wildlife habitats. Ultimately, using herbicides to target specific vegetation results in transmission line corridors that are clear of incompatible vegetation, with no effect on adjacent or nearby properties.

Herbicides also may be applied directly to the leaves or stems of smaller incompatible vegetation. This control method may be applied in several ways. A ground application where personnel use either backpack sprayers, or ATVs and truck-mounted equipment can be used to apply herbicides along fence rows, tower bases, and other light density brush areas. In high density brush and less accessible areas, a helicopter equipped with a specialized microfoil boom may be used. This spray boom delivers the herbicides as droplets in a rainfall-style pattern. This enables the pilot to precisely place the herbicides on the targeted incompatible vegetation within the ROW boundaries.

For aerial applications, buffer zones will be left on both sides of streams, state and heavily traveled roads, cultivated fields, pastures, orchards and residences. If needed, a ground application will follow with an herbicide application targeting incompatible vegetation within these buffer areas. Aerial applications will be done primarily in the early morning or evening hours by helicopter when weather conditions permit. All applications will be performed within the Company's transmission line ROW and only where incompatible brush exists. Crops, gardens, fruit orchards, Christmas tree farms, and pasture areas will not be treated. All herbicides used on ROWs are applied by state-certified applicators or under the supervision of a certified applicator.

As part of our inspection, compatible shrubs that do not interfere with transmission facilities are not disturbed. The ideal transmission line ROW includes a diverse mixture of grasses, low growing shrubs and other ground cover preferred by birds, deer and small animals to promote a thriving wildlife habitat. In this way, well-managed transmission line ROWs provide food and cover wildlife need to survive.

Below is a general timeline for vegetation maintenance activities:

- Landowner notification – (Receipt of this letter is your notification)
- Work Planners marking trees (Between January – June - approximately 2 weeks to 45 days of receiving letter)
- Tree Work, if applicable – Tree Removal, Tree Pruning, and Brush Mowing (January – December)
- Aerial Saw Pruning, if applicable – (March – November)
- Herbicide Application, if applicable (June – September)

While this letter provides important information about the Company's vegetation management program, its contents and the work performed shall not in any way limit or change the rights or privileges included in any easements granted to the Company and recorded in the County Recorder's office.

We appreciate your understanding and cooperation in our ongoing efforts to provide safe and reliable electric service to our customers. If you have any questions, concerns or special conditions, please contact: Zachary Batren 732-253-2703 Zbatren@Firstenergycorp.Com

Sincerely,
 Zachary Batren

NOTICE TO NEW JERSEY NATURAL GAS COMPANY CUSTOMERS
NOTICE OF SOCIETAL BENEFITS CHARGE FILING AND PUBLIC HEARING
BPU Docket No. GR20090625

TO OUR CUSTOMERS:

PLEASE TAKE NOTICE that on September 29, 2020, New Jersey Natural Gas Company (“NJNG” or the “Company”) filed its annual Societal Benefits Charge (“SBC”) petition with the New Jersey Board of Public Utilities (“Board”) for a price adjustment for all applicable service customers. Pursuant to its filing, NJNG requested that the Board permit NJNG to increase its overall SBC rate which would include increases to the Remediation Adjustment (“RA”) and the New Jersey Clean Energy Program (“NJCEP”) factors effective April 1, 2021.

The RA rate provides recovery of actual costs incurred by NJNG for the clean-up of former manufactured gas plant sites. The NJCEP rate is designed to recover costs incurred for NJNG’s share of statewide energy efficiency and renewable energy expenditures.

If the Board approves the requested price adjustment, the impact will result in an overall increase of approximately \$1.08 per month or 0.95 percent for a residential heating customer using 100 therms per month. The above-referenced proposal will not result in any profit for NJNG.

If approved by the Board, the impact of the proposed changes to the RA and NJCEP factors on typical natural gas bills is illustrated below:

Customer Type	Therm Level (Usage)	Total Bill		Net Dollar Increase	Percent Increase
		Monthly Bill as of October 1, 2020	Proposed Monthly Bill as of April 1, 2021		
Residential Heat Sales	100	\$113.10	\$114.18	\$1.08	0.95%
Residential Non-Heat Sales	25	\$34.29	\$34.56	\$0.27	0.79%
General Service Small	100	\$133.04	\$134.21	\$1.08	0.81%
General Service Large	1200	\$1,277.67	\$1,290.63	\$12.96	1.01%

The Board has the statutory authority to establish the RA and NJCEP factors at levels it finds just and reasonable. Therefore, the Board may establish the RA and NJCEP factors at levels other than those proposed by NJNG. NJNG’s SBC costs addressed in this petition will remain subject to audit by the Board, and Board approval shall not preclude or prohibit the Board from taking any such actions deemed appropriate as a result of any such audit.

PLEASE TAKE ADDITIONAL NOTICE that due to the COVID-19 pandemic, telephonic public hearings will be conducted on the following dates and times:

Date: February 23, 2021
Public Hearing 1: 4:30pm
Public Hearing 2: 5:30pm
Dial-In: 1-888-619-1583
Access Code: 819208

Copies of NJNG’s September 29, 2020 filing can be reviewed on the Company’s website, www.njng.com/regulatory in the “Filings & Updates” subsection of the “Regulatory Info” section listed.

Representatives of the Board’s Staff and Rate Counsel will participate in the telephonic public hearings. Members of the public are invited to participate by utilizing the Dial-In and Access Code information set forth above, and may express their views on this filing. Such comments will be made part of the final record of the proceeding to be considered by the Board. The Board will also accept email/written comments. Members of the public may file comments with the Secretary of the Board via email or mail. Although both will be given equal consideration, email is the preferred method of transmittal while Board Staff continues to work remotely due to the COVID-19 pandemic. Emailed comments may be submitted to board.secretary@bpu.nj.gov; or through the Board’s External Access Portal after obtaining a MyNewJersey Portal ID. Once an account is established you will need an authorization code which can be obtained upon request by emailing the Board’s IT Helpdesk at ITHELPDESK@bpu.nj.gov. Detailed instructions for e-Filing can be found on the Board’s homepage at <https://www.nj.gov/bpu/agenda/efiling>. Written comments may be submitted to the Board Secretary, Aida Camacho, at the Board of Public Utilities, 44 South Clinton Avenue, 9th Floor, P.O. Box 350, Trenton, NJ 08625-0350. All comments should include the name of the petition and the docket number.

Hearings will continue, if necessary, on such additional dates and at such locations as the Board may designate, to ensure that all interested persons are heard.

Central Power & Light Company

Re: **In the Matter of the Implementation of L. 2018, C. 17 Regarding the Establishment
of Energy Efficiency and Peak Demand Reduction Programs**

And

**In the Matter of the Verified Petition of Jersey Central Power & Light Company for
Approval of JCP&L's Energy Efficiency and Conservation Plan Including Energy
Efficiency and Peak Demand Reduction Programs (JCP&L EE&C)**

BPU Docket Nos. QO19010040 and EO20090620

Dear Sir/Madam:

Enclosed please find a copy of a Notice of Public Hearing for Jersey Central Power & Light Company's ("JCP&L" or the "Company") proposed establishment of Energy Efficiency and Peak Demand Reduction programs and mechanisms for recovery of the costs of these programs.

PLEASE TAKE NOTICE that the New Jersey Board of Public Utilities ("Board") has scheduled telephonic public hearings on this matter at the times set forth in the enclosed Public Notice.

A copy of the Company's Verified Petition, together with supporting attachments, is available for review on JCP&L's website at:

https://www.firstenergycorp.com/jersey_central_power_light/regulatory.html

JCP&L would be pleased to furnish you with any assistance or additional information that you might reasonably require.

Very truly yours,

A handwritten signature in black ink, appearing to read "Josh R. Eckert".

Joshua R. Eckert
Counsel for Jersey Central Power & Light Company

NOTICE TO JERSEY CENTRAL POWER & LIGHT COMPANY CUSTOMERS

IN THE MATTER OF THE IMPLEMENTATION OF L. 2018, C. 17 REGARDING THE ESTABLISHMENT OF ENERGY EFFICIENCY AND PEAK DEMAND REDUCTION PROGRAMS

AND

IN THE MATTER OF THE VERIFIED PETITION OF JERSEY CENTRAL POWER & LIGHT COMPANY FOR APPROVAL OF JCP&L's ENERGY EFFICIENCY AND CONSERVATION PLAN INCLUDING ENERGY EFFICIENCY AND PEAK DEMAND REDUCTION PROGRAMS (JCP&L EE&C)

Notice of a Filing and Notice of Public Hearings

BPU Docket Nos. QO19010040 and EO20090620

TAKE NOTICE that, on September 25, 2020, Jersey Central Power & Light Company ("JCP&L" or "Company") filed a petition with the New Jersey Board of Public Utilities ("Board") seeking approval of the proposed JCP&L Energy Efficiency ("EE") and Peak Demand Reduction ("PDR") programs, including its associated cost recovery mechanisms ("JCP&L EE&C Plan" or "Plan").

JCP&L seeks Board approval of its proposed JCP&L EE&C Plan for the three (3) year period starting July 1, 2021 and ending June 30, 2024. The Plan consists of 10 EE programs and subprograms and one (1) PDR program, which are intended to provide EE, reduce peak demand and promote access to such measures for low-income communities. The Plan includes dedicated programs for residential, commercial and industrial, and multifamily customers. The Company is proposing a budget of \$230.1 million, consisting of \$187.5 million in investment and \$42.6 million in expenses for the JCP&L EE&C Plan over the three (3) year period covered by this filing. The Company submits that the JCP&L EE&C Plan will further the goal of achieving energy reduction as set forth in the Clean Energy Act of 2018 and the New Jersey 2019 Energy Master Plan, and complies with the requirements of the Board's June 10, 2020 Order directing the Utilities to establish EE and PDR programs.

In conjunction with implementation of the Plan, JCP&L is seeking Board approval to recover in rates via proposed Tariff Riders, EE&C and Lost Revenue Adjustment Mechanism ("LRAM"), the revenue increases associated with the capital investment costs, operation and maintenance expense, and lost revenues or revenue reductions associated with implementing the JCP&L EE&C Plan. The Company is seeking to set an initial rate for the Plan at this time, and also seeks authority to recover a return on and return of its investment through annual adjustments to these reconcilable clauses beginning on July 1, 2021 and continuing through approximately 2034. These approximate dates are being provided for informational purposes only and are not intended to prejudice any JCP&L request for recovery of Plan costs. The Company estimates that rate changes for electric rates effective July 1, 2021 would increase revenue collection by approximately \$18,695,588 million in the first Plan year. These rate changes are estimates and are subject to change.

The following illustrative chart shows the estimated monthly bill impacts (by cumulative dollars and percentages) to typical and class average customers based on a comparison of present and proposed rates at each rate adjustment date under JCP&L EE&C Plan and the approximate net effect on customers in various rate classes of the proposed increases in charges, including the EE&C and LRAM rates, although the actual effect on specific customers will vary according to the applicable rate schedule and level of the customer's usage.

**STATEMENT OF THE MONTHLY EFFECT OF PROPOSED
INCREASE IN RIDER EE&C CHARGES AS COMPARED TO THE
RATES IN EFFECT AS OF JANUARY 1, 2021**

Summary of Bill Impact				
		Proposed Cumulative Monthly Increase (Overall Class Average per Customer/Fixture)		
	Current			
	Monthly	Year 1	Year 2	Year 3
Effective Date:	Bill	7/1/2021	7/1/2022	7/1/2023
Rate Class				
Residential (RS)	\$ 107.66	\$ 1.25	\$ 1.53	\$ 2.06
Residential Time of Day (RT)	\$ 139.04	\$ 1.72	\$ 2.09	\$ 2.82
General Service - Secondary (GS)	\$ 578.53	\$ 4.40	\$ 6.90	\$ 10.23
General Service - Secondary Time of Day (GST)	\$ 28,042.52	\$ 167.20	\$ 274.21	\$ 528.36
General Service - Primary (GP)	\$ 33,040.92	\$ 214.85	\$ 352.36	\$ 678.94
General Service - Transmission (GT)	\$84,929.51	\$ 727.37	\$ 1,192.89	\$ 2,298.50
Lighting (Average Per Fixture)	\$ 10.43	\$ 0.04	\$ 0.07	\$ 0.10

		Proposed Cumulative Monthly Increase in %		
		Year 1	Year 2	Year 3
Effective Date:		7/1/2021	7/1/2022	7/1/2023
Rate Class				
Residential (RS)		1.17%	1.41%	1.90%
Residential Time of Day (RT)		1.24%	1.50%	2.02%
General Service - Secondary (GS)		0.76%	1.19%	1.76%
General Service - Secondary Time of Day (GST)		0.60%	0.98%	1.87%
General Service - Primary (GP)		0.65%	1.07%	2.05%
General Service - Transmission (GT)		0.86%	1.40%	2.68%
Lighting (Average Per Fixture)		0.43%	0.67%	1.00%

The percentage increases noted above are based on rates in effect on January 1, 2021, including applicable Basic Generation Service (“BGS”) charges and assuming customers receive commodity service from JCP&L. They are also based on current projections that assume full implementation of the Plan as proposed. It is anticipated that the Company will make annual filings each year of the Plan to request the Board’s approval to implement that Program Year’s revenue requests. The annual rate impact of the program for a typical residential customer using 9,212 kWhs per year is expected to average \$0.69 per year or .65% over the July 2021 through June 2024 period, and is expected to peak at a \$2.06 increase in June 2024 compared to current bills. The Board’s decision in this matter regarding the JCP&L EE&C Plan and its decisions on those annual filings may change the dollars and percentage impacts as shown above. Any assistance required by customers with regard to the bill impacts will be furnished by the Company upon request.

Any rate adjustments with resulting bill impacts found by the Board to be just and reasonable as a result of the Company’s filing may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other legally sufficient reasons to any class or classes of customers of the Company or any rate or schedule. Therefore, the described impacts may change based upon the Board’s decisions.

Subject to any applicable restrictions due to the COVID-19 pandemic, copies of the petition and supporting documents will be made available for inspection on the Company’s website at: https://www.firstenergycorp.com/jersey_central_power_light/regulatory.html.

PLEASE TAKE NOTICE that, due to the COVID-19 pandemic, a telephonic public hearing will be conducted the following date and times so that members of the public may present their views on the company’s filing:

Date: February 25, 2021
Times: 1:00 p.m. and 4:30 p.m.
Telephone Number.: 877-332-6631
Access Code: 2853961#

A hearing officer designated by the Board will preside over the telephonic public hearing. Representatives of the Company, Board Staff, and the New Jersey Division of Rate Counsel will also participate via phone in the telephonic public hearing. Members of the public are invited to call in and present their views for this matter. If you elect to attend or participate in the telephonic public hearing, please dial the “Telephone Number” above. When prompted, enter the “Access Code” listed above.

Such comments will be made part of the final record of this proceeding to be considered by the Board. In order to encourage full participation in this opportunity for public comment, please submit any requests for needed accommodations, such as interpreters or listening devices 48 hours prior to the above hearing to the Board Secretary at board.secretary@bpu.nj.gov. The Board will also accept email/written comments. Members of the public may file comments with the Board Secretary, whether via email in pdf or Word format to board.secretary@bpu.nj.gov or through the Board’s External Access Portal after obtaining a MyNewJersey Portal ID. Once an account is established, you will need an authorization code, which can be obtained upon request by emailing the Board’s IT Helpdesk at BPUITHelpdesk@bpu.nj.gov. Detailed instructions for e-filing can be found on the Board’s home page at <https://www.nj.gov/bpu/agenda/efiling>. Written comments may also be submitted to the Board Secretary, Aida Camacho, at the Board of Public Utilities, 44 South Clinton Avenue, 9th Floor, Trenton, P.O. Box 350, New Jersey 08625-0350. All comments should include the name of the petition and the docket number. While all comments are given equal consideration and will be made part of the final record of the proceeding, the recommended method for submission of comments is via email or the portal to ensure timely receipt while the Board continues to work remotely due to the COVID-19 pandemic.

Hearings will continue, if necessary, on such additional dates and times as the Board may designate, to ensure that all interested persons are heard.

ORD.#1-2021
AN ORDINANCE OF THE TOWNSHIP OF MOUNT OLIVE, IN THE
COUNTY OF MORRIS AND STATE OF NEW JERSEY, AUTHORIZING
PERMANENT EASEMENT AGREEMENTS IN CONNECTION WITH
DEVELOPMENT AT 215 WATERLOO VALLEY ROAD (BLOCK 500,
LOTS 2 & 3)

WHEREAS, by way of Resolution 228-2018 adopted on July 10, 2018, the Township of Mount Olive ("Township") entered into a developer's agreement with Scannell Properties 322, LLC ("Scannell") for the development of property designated as Block 500, Lots 2 and 3 on the Township Tax Maps, located at 215 Waterloo Valley Road (the "Property"); and

WHEREAS, under the terms of the approvals and developer's agreement, Scannell was required to submit and record a Township-authorized form of easement regarding stormwater control; and

WHEREAS, Scannell constructed a utility "hot box" cabinet upon property encroaching into the Township right of way, requiring Scannell to obtain a right-of-way easement from the Township for permission to utilize the encroachment area; and

WHEREAS, in or about December 2019, Scannell transferred ownership of the Property to CICF II – NJ1B01, LLC ("Owner"); and

WHEREAS, after becoming aware of the change of ownership, the Township learned that Scannell had executed and recorded the stormwater control easement, attached hereto as Exhibit A, which easement still requires formal acceptance from the Township by way of ordinance; and

WHEREAS, the Township and Owner have negotiated an Encroachment and Easement Agreement regarding the utility hot box cabinet, attached hereto as Exhibit B; and

WHEREAS, the Township is authorized pursuant to law to grant and receive interests in real property, including easements, by ordinance; and

WHEREAS, the Township now wishes to authorize and accept the previously executed and recorded stormwater control easement and authorize and grant the Encroachment and Easement Agreement, subject to the terms and conditions set forth in the agreements, copies of which shall be placed on file with the Township Clerk; and

WHEREAS, the Township Engineer and Township Attorney have reviewed and recommended approving same.

NOW, THEREFORE, BE IT ORDAINED by the Council of the Township of Mount Olive, in the County of Morris and State of New Jersey, as follows:

1. The Township hereby authorizes and accepts the executed Stormwater Maintenance Easement dated December 13, 2019 between Scannell Properties 322, LLC as Grantor and the Township as Grantee, recorded on January 2, 2020 in Book 23685 Page 214, which Easement is attached hereto and incorporated herein as Exhibit A.
2. The Township hereby authorizes and grants the Encroachment Easement with the Township as Grantor and CICF II – NJ1B01, LLC as Grantee, which easement is attached hereto and incorporated herein as Exhibit B.
3. The Mayor and Clerk are authorized and directed to execute the Encroachment and Easement Agreement.
4. The Township Attorney is authorized and directed to record the Encroachment and Easement Agreement upon execution by all parties.
5. Both easement agreements shall be placed on file with the Township Clerk.

BE IT FURTHER ORDAINED that this Ordinance shall This Ordinance shall take effect twenty (20) days following final passage, approval, and publication as required by law.

Introduced: 1/26/2021

Adopted: 2/9/2021

Effective Date: 3/5/2021

TOWNSHIP OF MOUNT OLIVE

Joe Nicastro, Township Council President

ATTEST: 2/9/2021

Michelle Masser, Township Clerk

ORD.#2-2021

**ORDINANCE OF THE TOWNSHIP OF MOUNT OLIVE, IN THE
COUNTY OF MORRIS AND STATE OF NEW JERSEY, AMENDING
THE TOWNSHIP CODE TO ADD NEW CHAPTER 334, SOIL/FILL
IMPORTATION, TO ADOPT THE NJDEP MODEL ORDINANCE**

WHEREAS, the New Jersey Department of Environmental Protection (“NJDEP”) encourages municipalities to adopt an ordinance to proactively regulate imported soil in an effort to keep contaminants from being deposited on residential, construction and development sites; and

WHEREAS, the Township of Mount Olive Administration, Engineer and Planner have reviewed an NJDEP model ordinance regarding soil and fill importation and have recommended adopting same; and

WHEREAS, the Mayor and Township Council find it in the best interest of the health, safety and welfare of the Township make this change.

NOW, THEREFORE, BE IT ORDAINED by the Township Council of the Township of Mount Olive, in the County of Morris and State of New Jersey, as follows:

SECTION 1. Part II, General Legislation, of the Township Code is hereby amended to add new Chapter 334, Soil and Fill Importation, to read as follows:

§ 334-1 Purpose

The purpose of this chapter is to manage the importation and deposition of soil/fill to protect the safety, public health, and general welfare of the community and the environment. The adoption and enforcement of this chapter does not exempt an applicant from other required local, State or Federal approvals or local Soil Conservation District requirements regarding the acceptability and placement of soil/fill materials.

This chapter does not apply to soil/fill imported for the purposes of remediation pursuant to the Administrative Requirements for the Remediation of Contaminated Sites (ARRCS, N.J.A.C. 7:26C) and Technical Requirements for Site Remediation (N.J.A.C. 7:26E), operation and/or closure of sanitary landfills (N.J.A.C. 7:26), or dredge repository sites approved by State or Federal agencies.

§ 334-2 Definitions

For purposes of this chapter, the terms used herein are defined as follows:

ACCEPTABLE SOIL/FILL

Non-water-soluble, non-decomposable, inert solids such as soil, subsoil, topsoil, sand, clay, loam, gravel, humus, rock, concrete, brick, glass, and/or clay or ceramic products, free of construction/demolition debris, garbage, refuse, or sludge and not containing concentrations of one or more contaminants that exceed the New Jersey Department of

Environmental Protection Residential Direct Contact Soil Remediation Standards or Non-Residential Direct Contact Soil Remediation Standards, whichever is more stringent, as set forth in N.J.A.C. 7:26D, Remediation Standards.

APPLICANT

The property owner requesting a soil importation permit as provided for in this chapter.

CONSTRUCTION/DEMOLITION DEBRIS

Mixed waste building material and rubble resulting from construction, remodeling, repair, and demolition operations on houses, commercial buildings, pavements and other structures that includes, but is not limited to, treated and untreated wood scrap; tree parts, tree stumps and brush; plaster and wallboard; roofing materials; corrugated cardboard and miscellaneous paper; ferrous and nonferrous metal; non-asbestos building insulation; plastic scrap; carpets and padding; and other miscellaneous materials.

CONTAMINATED SOIL/FILL

Any soil/fill containing contaminants exceeding the current requirements for the most stringent concentrations between the Nonresidential and Residential Direct Contact Soil Remediation Standards pursuant to N.J.A.C 7:26D, Remediation Standards.

CONTAMINATED PROPERTY

Any property, including but not limited to structures, sediment, soil and water that contains a contaminant which is present at such levels or concentration as to require action pursuant to any federal or state statutes or regulations.

DREDGED MATERIAL

Sediments removed from under a body of water such as, but not limited to, a bay, harbor, lake, stream and river, removed during a dredging operation that are displaced or removed to another location.

FILL

Material placed at a location for the purpose of filling low areas, changing the contours of an area, stabilizing existing grades and/or raising the grade of an area. Fill usually consists of soil, but may also include non-water-soluble, non-decomposable, inert solids, such as rock, gravel, brick, block, concrete, glass, and/or clay or ceramic products or any combination thereof.

PERMIT

The official document issued by the Municipality approving the Soil Importation Application.

PERSON

Includes an individual, firm, corporation, association, society or partnership, or other business entity and their agents or employees.

REMEDIAL ACTION

As defined in the Technical Requirements for Site Remediation (Technical Requirements) at N.J.A.C. 7:26E-1.8, those actions taken at a contaminated site as may be required by the Department, including, without limitation, removal, treatment measures, containment, transportation, securing, or other engineering or institutional controls, whether to an unrestricted use or otherwise, designed to ensure that any contaminant is remediated in compliance with the applicable remediation standards. A remedial action continues as long as an engineering control or an institutional control is needed to protect the public health and safety and the environment, and until all unrestricted use remediation standards are met.

REMEDIATION

“Remediation” or “remediate” means all actions to investigate, clean up, or respond to any known, suspected, or threatened discharge of contaminants, including the preliminary assessment, site investigation, remedial investigation, and remedial action, or any portion thereof, provided, however, that “remediation” or “remediate” shall not include the payment of compensation for damage to, or loss of, natural resources.

§ 329-3 Permit Required

- A. No person shall deposit or place soil/fill material, or cause, allow, or permit soil/fill to be placed on any property in the Township of Mount Olive unless a permit is issued by the Township and any other applicable county, state or federal approval(s) or permit(s).
- B. Unless otherwise exempt, no permit shall be issued unless: (1) the applicant submits proof that the soil/fill material has been tested consistent with any applicable requirements set forth herein; (2) the soil/fill meets the definition of acceptable soil/fill; and (3) the application otherwise conforms with the standards of this chapter.

§ 329-4 Permit Exemptions

A person is not required to obtain a permit under this chapter for the following:

- A. Minor filling associated with landscaping activities at any property where up to 15 cubic yards, or as otherwise allowed by the New Jersey Department of Environmental Protection under applicable regulations, per year of acceptable soil/fill material is being deposited.
- B. Fill for septic installation and/or repair certified to be such by a licensed New Jersey engineer: or approved by the local health agency.
- C. Virgin quarry products including, but not limited to, rock, stone, gravel, sand, clay and other mined natural products.

- D. Acceptable soil/fill material being moved from one section of an owner's property to another section of the same property.
- E. Soil/fill imported to or moved within a properly licensed Class B Recycling facility.
- F. Acceptable soil/fill moved from a properly licensed Class B recycling facility.
- G. Public works projects conducted or contracted for by a public entity or utility regulated by the Board of Public Utilities provided the soil/fill material meets the definition of acceptable soil/fill

§ 329-5 Responsibility for obtaining permit

The property owner receiving the soil/fill material is responsible for obtaining the permit.

§ 329-6 Duration of permit

Each permit issued under the terms of this chapter shall be valid only for the location(s) and soil/fill material described therein and shall be valid for the duration of the project specified in the permit application.

§ 329-7 Permit Application Requirements

The procedure to apply for a Soil/Fill Importation Permit shall be as follows:

- A. All applications for Soil/Fill Importation Permits shall be filed with the Township Department of Public Works, which shall administer the applications and permits.
- B. A fee, in the amount of \$150 as established by this ordinance, shall be remitted at the time of application. The fee shall address the costs associated with the review of the application. Any field monitoring inspections and/or analytical testing may require additional escrow, as applicable

§ 329-8 Review of Application

Within 30 days after receipt of a complete application, the Township Engineer shall review the application and either approve or deny the application.

§ 329-9 Appeals

Whenever an application for a permit is denied, the applicant may appeal the denial to the municipal governing body by filing a written notice of appeal with the Township Clerk within 30 days after receiving written notice of the denial of such application. The municipal governing body shall thereafter hold a public hearing within 60 days on the matter in accordance with rules or procedures to be established by the municipal governing authority and may modify, affirm or reverse the decision.

§ 329-10 Violations and penalties

Any person who violates any provision of this chapter shall be liable to a fine of not more than \$1,000 or to imprisonment for a term not to exceed 90 days or both such fine and imprisonment, at the direction of the Municipal Court. Every day in which such violation continues after due notice has been served shall constitute a separate violation or offense. Upon order of the Court, the violator shall pay all costs associated with analytical testing, remediation, removal and proper disposal of soil/fill material determined to not to comply with the definition of acceptable soil/fill.

§ 329-11 Permit suspension or revocation

The person receiving a permit pursuant to this chapter shall comply with all conditions set forth in the permit. Submitting false information or noncompliance with a permit may subject the person receiving a permit to a penalty pursuant to § 329-10 above and/or suspension or revocation of such a permit.

SECTION 2. If any section, subsection, clause, or phrase of this ordinance is for any reason held to be unconstitutional or invalid by any court of competent jurisdiction, such decision shall not affect the remaining portions of this ordinance.

SECTION 3. All ordinances or parts of ordinances of the Township of Mount Olive that are inconsistent herewith are repealed to the extent of such inconsistency.

SECTION 4. This ordinance may be renumbered for purposes of codification.

SECTION 5. This ordinance shall take effect twenty (20) days following final passage, approval, and publication as required by law.

ATTEST:

Michelle Masser, Township Clerk

**RESOLUTION OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF
MOUNT OLIVE ENDORSING MOMAC ALLIANCE APPLICATION FOR
FUNDING TO THE GOVERNOR'S COUNCIL ON ALCOHOLISM AND
DRUG ABUSE**

WHEREAS, the Governor's Council on Alcoholism and Drug Abuse established the Municipal Alliances for the Prevention of Alcoholism and Drug Abuse in 1989 to educate and engage residents, local government and law enforcement officials, schools, nonprofit organizations, the faith community, parents, youth and other allies in efforts to prevent alcoholism and drug abuse in communities throughout New Jersey.

WHEREAS, The Township Council of the Township of Mount Olive, County of Morris, State of New Jersey recognizes that the abuse of alcohol and drugs is a serious problem in our society amongst persons of all ages; and therefore has an established Municipal Alliance Committee; and,

WHEREAS, the Township Council further recognizes that it is incumbent upon not only public officials but upon the entire community to take action to prevent such abuses in our community; and,

WHEREAS, the Township Council has applied for funding to the Governor's Council on Alcoholism and Drug Abuse through the County of Morris;

NOW, THEREFORE, BE IT RESOLVED by the Township of Mount Olive, County of Morris, State of New Jersey hereby recognizes the following:

1. The Township Council does hereby authorize submission of a strategic plan for the Mount Olive Municipal Alliance grant for fiscal year 2021 in the amount of:

DEDR	\$ 8,395.00
Cash Match	\$ 2,098.75
In-Kind	\$ 6,296.25

2. The Township Council acknowledges the terms and conditions for administering the Municipal Alliance grant, including the administrative compliance and audit requirements.

Joseph Nicastrò
Mt. Olive Council President

I, Michelle Masser, Township Clerk of the Township of Mount Olive do hereby certify that the foregoing resolution is a true and correct copy of a resolution adopted at a legally convened meeting of the Mount Olive Township Council held on February 9, 2021.

Michelle Masser
Township Clerk

**RESOLUTION WAIVING CONSTRUCTION SUBCODE FEES TO MOUNT OLIVE
CHILD CARE & LEARNING CENTER FOR THE SKYLIGHT AND ROOF
REPLACEMENT PROJECT**

WHEREAS, the Mount Olive Township Council has the right to waive certain fees; and

WHEREAS, Mount Olive Child Care & Learning Center has filed for construction permits associated with the skylight and roof replacement project; and

WHEREAS, Mount Olive Township is the owner of the building; and

WHEREAS, they have made a written request to the Mayor and Council to waive the municipal fees associated with the permits;

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Council of the Township of Mount Olive that all municipal fees associated with the permits on behalf of Mount Olive Child Care & Learning Center for the above referenced project is hereby waived.

This Resolution shall be effective immediately upon its passage.

TOWNSHIP OF MOUNT OLIVE

Joe Nicastro, Council President

I hereby certify the above to be a true copy of a resolution passed by the Mount Olive Township Council at a duly convened meeting held on February 9, 2021.

Michelle Masser, Township Clerk

RESOLUTION OF THE TOWNSHIP OF MOUNT OLIVE, IN THE COUNTY OF MORRIS AND STATE OF NEW JERSEY, CONTINUING THE TEMPORARY FEE WAIVER AND EXTENTION OF THE 14-DAY TIME LIMIT FOR CERTAIN TEMPORARY SIGNS WITHIN THE TOWNSHIP

WHEREAS, Section 550-95 of the Township Code regulates signage within the Township, and as part of those regulations, applications for temporary signs, which are limited to banner and blade signs, require payment of a \$10 permit fee, and the maximum time period for the permit is 14 days; and

WHEREAS, to support local businesses in recovering from the economic hardships caused by the COVID-19 crisis, the Township adopted Resolution 178-20 on June 9, 2020 and Resolution 234-20 on August 18, 2020, which resolution temporarily waived fees and extended the 14-day time limit for certain temporary signs; and

WHEREAS, the ongoing COVID-19 pandemic continues to create hardships for local businesses, and

WHEREAS, the Township desires to again temporarily extend such time periods, and waive such fees, for these temporary signs only, so that businesses can continue to promote services during this period of economic recovery.

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Township Council of the Township of Mount Olive, in the County of Morris and State of New Jersey, as follows:

1. The existing 14-day limit for temporary signs, consisting of banner and blade signs, under Section 550-95 of the Township Code is temporarily relaxed to allow such permitted signs to be displayed for an additional ninety (90) days beyond the time period of the permit. These signs must be located on the property associated with the business being advertised and are limited in number.
2. The existing \$10 permit fee for temporary signs, which consist of banner and blade signs, under Section 550-95 of the Township Code is temporarily waived for 90 days from the date of this Resolution's adoption.
3. Commercial establishments continue to require a Temporary Sign Permit to ensure compliance with type and number of banners and blade signs per site.
4. This Resolution shall remain in force until March 31, 2021. After that date, unless the Township takes action to extend this this Resolution, the \$10 fee and 14-day permit period set forth in Section 550-95 of the Township Code shall again be fully enforced.

TOWNSHIP OF MOUNT OLIVE

JOE NICASTRO
Mount Olive Township Council President

I hereby certify the above to be a true copy of a resolution passed by the Mount Olive Township Council at a duly convened meeting held on February 9, 2021.

MICHELLE MASSER
Mount Olive Township Municipal Clerk

**RESOLUTION OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF
MOUNT OLIVE AUTHORIZING THE TRANSFER OF 75 SEWER EQUIVALENT
DWELLING UNITS FROM 750 CLARK DRIVE (BLOCK 102, LOT 14) TO 700
INTERNATIONAL DRIVE (BLOCK 104, LOT 4) AND ADJUSTMENT OF SEWER
QUARTERLY USER FEES**

WHEREAS, Fratelli Beretta USA, Inc. is the owner ("Property Owner") of properties located at 750 Clark Drive (Block 102, Lot 14) and 700 International Drive (Block 104, Lot 4) in the Township of Mount Olive; and

WHEREAS, the Property Owner was originally allocated, and paid for, 299.5 sewer Equivalent Dwelling Units ("EDUs") for 750 Clark Drive as part of the Fratelli Beretta development; and

WHEREAS, the Property Owner has requested that the Township authorize the transfer of 75 EDUs from 750 Clark Drive (Block 102, Lot 14) to the new development at 700 International Drive (Block 104, Lot 4), and adjust the sewer quarterly user fees accordingly; and

WHEREAS, the Township has reviewed the water usage history at 750 Clark Drive and has determined that the requested transfer of EDUs is acceptable.

NOW, THEREFORE, BE IT RESOLVED by the Township Council of the Township of Mount Olive, as follows:

1. The transfer 75 EDUs from 750 Clark Drive (Block 102, Lot 14) to 700 International Drive (Block 104, Lot 4) is hereby authorized.
2. A copy of this Resolution shall be provided to the Clerk, the Tax Collector, and Property Owner for their information.

This Resolution shall take effect immediately.

TOWNSHIP OF MOUNT OLIVE

Joe Nicastro, Council President

I hereby certify the above to be a true copy of a resolution passed by the Mount Olive Township Council at a duly convened meeting held on February 9, 2021.

Michelle Masser, Township Clerk

**RESOLUTION OF TOWNSHIP COUNCIL OF THE TOWNSHIP OF MOUNT
OLIVE REJECTING THE BID RECEIVED FOR BID #16-2020; SECOND
RE-BID: MAIN STREET & PARK PLACE SEWER PROJECT – PHASE 2**

WHEREAS, on January 28, 2021, the Township received one (1) proposal in response to Bid #16-2020; Second Re-Bid: Main Street & Park Place Sewer Project – Phase 2 from Onque Technologies, Inc. in the amount of \$339,500; and

WHEREAS, the Township Engineer has indicated that this proposal exceeds the Township's appropriation for Bid #16-2020 and recommends that the proposal received from Onque Technologies, Inc. be rejected; and

WHEREAS, pursuant to N.J.S.A. 40A:11-5: "Any contract the amount of which exceeds the bid threshold, may be negotiated and awarded by the governing body without public advertising for bids and bidding therefor and shall be awarded by resolution of the governing body if . . . (3)(c) on one occasion no bids were received . . . and on one occasion all bids were rejected . . . (b) because [the governing body] has determined that they are not reasonable as to price."; and

WHEREAS, the above project has now been bid on three separate occasions. At the 11/17/20 bid opening, no proposals were received in response to this bid. At the 12/9/20 bid opening, four (4) proposals were received, two of which were fatally defective, and two of which exceeded the Township's appropriation for Bid #16-2020. And as noted above, at the 1/28/21 bid opening, one (1) proposal was received, which proposal exceeded the Township's appropriation for Bid #16-2020.

WHEREAS, the Township Attorney recommends that, in accordance with N.J.S.A. 40A:11-5, the Township may proceed to negotiate and award the contract for this project.

NOW THEREFORE, BE IT RESOLVED, by the Township Council of the Township of Mount Olive, Morris County, that the proposal submitted by Onque Technologies, Inc. for Bid #16-2020 is hereby rejected; and

BE IF FURTHER RESOLVED, that the Township Council wishes to negotiate and award the contract for this project.

TOWNSHIP OF MOUNT OLIVE

Joe Nicastro, Council President

I hereby certify the above to be a true copy of a resolution passed by the Mount Olive Township Council at a duly convened meeting held on February 9, 2021.

**RESOLUTION OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF MOUNT OLIVE
NOTICE OF INTENT TO AWARD CONTRACT UNDER A NATIONAL COOPERATIVE PURCHASING
AGREEMENT FOR THE PURCHASE OF TWO (2) AUTOMATED GARBAGE TRUCKS
(Sanitation Equipment Corp.)**

WHEREAS, the Township of Mount Olive is permitted to join national cooperative purchasing agreements under the authority of N.J.S.A. 52:34-6.2(b)(3); and

WHEREAS, the Township of Mount Olive is a member of Sourcewell; and

WHEREAS, the Department of Public Works wishes to purchase two (2) automated garbage trucks; and

WHEREAS, Labrie Enviroquip was awarded Sourcewell Contract No. 091219-LEG Mobile Refuse Collection Vehicles with Related Equipment, Accessories, and Services; and

WHEREAS, Sanitation Equipment Corp., 80 Furler Street, Totowa, New Jersey is the sole authorized distributor to sell Labrie Enviroquip parts, services and equipment in New Jersey; and

WHEREAS, the Contract Term is November 15, 2019 through November 15, 2023; and

WHEREAS, Sanitation Equipment Corp. submitted a quote under the Sourcewell Contract for one (1) automated garbage truck in the amount of \$288,596.00; and

WHEREAS, the purchase of two (2) automated garbage trucks will cost \$577,192; and

WHEREAS, information regarding this contract may be found at the Business Administrator's Office located at 204 Flanders Drakestown Road, Budd Lake, NJ 07828 during regular business hours, as well as on the Sourcewell website at www.sourcewell-mn.gov/cooperative-purchasing; and

WHEREAS, it is the intent of the Qualified Purchasing Agent to recommend to the Township Council of Mount Olive Township to authorize a contract award to Sanitation Equipment Corp., 80 Furler Street, Totowa, New Jersey 07512 pursuant to Sourcewell Contract No. 091219-LEG Mobile Refuse Collection Vehicles with Related Equipment, Accessories, and Services.

NOW, THEREFORE BE IT RESOLVED, that the Mayor and Municipal Council of the Township of Mount Olive authorize the Qualified Purchasing Agent to advertise the Notice of Intent to Award Contract under a National Cooperative Purchasing Agreement; and

BE IT FURTHER RESOLVED that the Comment period ends February 23, 2021.

**RESOLUTION OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF MOUNT OLIVE
AUTHORIZING THE AWARD OF CONTRACT FOR THE PURCHASE AND INSTALLATION OF
ARTIFICIAL FIELDTURF AT TURKEY BROOK FOOTBALL FIELD OFF THE ESCNJ COOP
(FieldTurf USA, Inc.)**

WHEREAS, the Township desires to purchase and install new artificial turf at Turkey Brook Park Football Field; and

WHEREAS, FieldTurf USA, Inc. submitted a proposal in the amount of \$404,543 which includes:

- a) Installation of the artificial in-filled grass surface upon a suitable base.
- b) (1) X Football Inlaid Sports Markings.
- c) (16) X Endzone Letters 1-2 Colors
- d) (1) X Center Logo 45' X 45' 1-3 Colors
- e) (1) X Gmax Test
- f) An (8) year 3rd party pre-paid insured warranty on the FieldTurf artificial grass surface;

WHEREAS, FieldTurf USA, Inc. has been awarded ESCNJ Bid # 18/19-55 Synthetic Turf Maintenance, Repair & Replacement; and

WHEREAS, the Township is a member of the ESCNJ Co-op; and

WHEREAS, pursuant to N.J.A.C. 5:30-5.4(a), the maximum dollar value of this contract shall be \$404,543 and the Chief Financial Officer has certified the availability of funds; and

WHEREAS, funds for this contract shall be charged to capital account #C-04-56-948-926.

NOW, THEREFORE, BE IT RESOLVED, that the Township Council of the Township of Mount Olive does hereby approve and authorize the aforementioned award of contract to FieldTurf USA, Inc., based on the contract period and terms outlined in the ESCNJ Co-op in an amount not to exceed \$404,543.

A RESOLUTION OF THE TOWNSHIP OF MOUNT OLIVE, IN THE COUNTY OF MORRIS AND STATE OF NEW JERSEY, AUTHORIZING RELEASE OF CERTAIN BONDS AND ESCROW TO THE THREE T'S, LLC IN CONNECTION WITH DEVELOPMENT OF THE PROPERTY LOCATED AT 10 WATERLOO ROAD (BLOCK 106, LOT 1.10)

WHEREAS, the Township of Mount Olive entered into a Developer's Agreement dated August 9, 2019 with The Three T's, LLC ("Developer") in connection with development of Block 106 Lot 1.10, also known as 10 Waterloo Road, as designated on the Township Tax Maps; and

WHEREAS, as a condition of the approvals and Developer's Agreement, the Developer posted various bonds and escrow consisting of a 10% cash bond in the amount of \$2,037.00 and a 90% surety bond in the amount of \$18,333.00 for Perimeter Buffer Landscaping, a 5% Inspection Escrow for all onsite Private Improvements in the amount of \$30,611.34, and 15% Stormwater Management Maintenance Guarantee in the amount of \$42,817.50; and

WHEREAS, the Developer has requested release of certain bonds and escrow; and

WHEREAS, the Township Engineer, per correspondence dated January 21, 2021, has indicated that he has reviewed the file and visited the site, and has no objection to release of the cash and surety bonds, conditioned upon submittal of a two-year maintenance bond in the amount of \$2,546.25, and release of the escrow, except for a balance of \$1,000 to cover engineering and legal costs that may arise during the maintenance period and project close-out; and

WHEREAS, the Township Attorney has reviewed this matter and found the release to be appropriate from a legal perspective.

NOW THEREFORE BE IT RESOLVED by the Township Council of the Township of Mount Olive, in the County of Morris and State of New Jersey, as follows:

1. The 10% cash bond in the amount of \$2,037.00 and 90% surety bond in the amount of \$18,333.00 shall be released conditioned upon submittal of a two-year maintenance bond in the amount of \$2,546.25, in a form acceptable to the Township Attorney.
2. The Inspection Escrow shall be released, except for a balance of \$1,000 to cover engineering/legal costs incurred during the maintenance period and project close-out.

This Resolution shall take effect immediately.
